

Mobile Payments

MOBILE PAYMENTS

Save your servers time

On average, checkout using Toast mobile payments can save servers 4 minutes per table when compared to traditional checkout methods.¹

Reduce wait times, increase tips, and collect valuable guest data with our free mobile payments feature.

Simplify checkout

Guests can easily scan a QR code on their receipt to review their bill, tip and pay, all from their mobile device.

Save your guests time

With Apple Pay, guests can pay in less than 10 seconds.

Increase tips

On average, guests tip on 9% more transactions paying with mobile payments vs. standard checkout.²

Increase loyalty sign ups

On average, customers that use mobile payments typically see an increase of 25% in monthly Toast Loyalty sign ups.³

Power your marketing

Leverage guest data to power your marketing program to boost repeat visits.
